(Year)

Signed _____ Date _____
(Parent/guardian signature)

Permission Form

By signing below, I acknowledge that I have read the Team Voltage Handbook describing membership on the team. I understand that participation in the program requires attendance at every meeting and work session. I also understand that meeting schedules are discussed at each meeting and are always available on our web site. It is imperative that the web site and e-mail be checked frequently for schedule changes. I have noted that meetings are generally scheduled after school and on weekends.

I realize that students are responsible for arranging their own transportation to and from meeting sites on those days.

Finally, I am aware that the final team of engineers and students will be traveling to The Competitions and that the students will be absent from school on those days.

_____ has my permission to participate in The Competition
Student's Full Name (printed) on the Melbourne High School FIRST Robotics Team.

_____ Date: _____
